

PRODUCT DISPOSAL GUIDELINES FOR PRINTING CALCULATORS, LABEL PRINTERS AND ACCESSORIES

Instruction for handling the product after its use:

Inappropriate handling of electronic waste could have a negative effect on the environment and the living beings due to potential hazardous substances. Toxic material present in e-waste may get mixed with air, water, land etc and cause health issues.

Customer is advised to ensure that the electronic waste is not disposed along with other wastes in non-industrial garbage bins. The Symbol printed above (crossed out wheeled garbage bin) indicates that the product after its end of life shall not be dumped in non-industrial garbage bins.

In order to ensure proper channelization of e-waste, Customer is hereby advised to return the e-waste generated after the end-of-life of the product at any of the nearest Service Centres/Customer Care Centres of the Company, whose contact details are provided in the table below. **Consumers in rest of the States (i.e. apart from the States where the collection centres have been engaged)**, are advised to contact the Company directly on its email id casiocare@casio.co.in or on its direct line number (011-66999200), during the working days between 09:30 am to 06:00 pm, for collection of E-waste and the Company will arrange to take back the end of life product from the Customer at no cost to the Customer.

Do's & Don'ts

Just make sure you follow these dos and don'ts and you'll be able to make an everlasting impact on the environment

Do's

1. Keep the end-of-life product in an isolated area after it becomes non-functional/irreparable to prevent any accidental breakage
2. Immediately return product to Authorised Service Centre/ Customer Care Centre after it has reached its end-of-life.
3. All end-of-life products shall be returned to the Authorised Service Centre/ Customer Care Centre only.

Don'ts

- 1) Do not dump end-of-life product along with other wastes in non-industrial garbage bins
- 2) Do not re-sale end-of-life product to any unauthorised agencies/scrap dealer

Information on hazardous constituents:

This product does not contain lead, mercury, hexavalent chromium, polybrominatedbiphenyls, polybrominateddiphenyl ethers and cadmium in the limits exceeding the prescribed maximum concentration value of 0.1% by weight in homogenous materials for lead mercury, hexavalent chromium, polybrominatedbiphenyls, polybrominateddiphenyl ethers and of 0.01% by weight in homogenous materials for cadmium.
